

**Maximise The Freeview Opportunity with**

**UK's No. 1 supplier of small screen Digital Freeview TVs**

A central image of a black August International portable TV with a silver telescopic antenna. The screen displays a vibrant image of a waterfall cascading over dark rocks in a lush green forest. The TV is positioned in front of a dark, gnarled tree branch. Scattered around the TV are several yellow musical notes and a treble clef. A monarch butterfly is shown in flight to the left of the TV. The overall composition suggests a high-quality, nature-themed viewing experience.

**Voted Top 3 Small Screen TV by Channel 4**  
**Star Winning Portable TV/DVD Player of What Hi-Fi Sound and Vision**  
Praised for its good digital tuner and extra packed features

With August International products receiving widespread consumer reviews and accolades, make the most of Digital Switchover with our exciting range of small screen Freeview TVs and accessories. High-margin sales have never been so easy!
